Introduction: The meeting was called to order by Susan Thurston, Clerk of Court.

Old Business:

1. Review of Loss Mitigation Sub-committee Recommendations

- a. Loss Mitigation Program document** –Wayne George pointed out that 3rd Amended Form A certification regarding loan payments does not conform to Section VI.B.5 of the Loss Mitigation Program. This will be corrected. Discussion concerning what action to take if debtor cannot meet the 30 day payment requirement -- a separate motion by the creditor will be required to terminate loss mitigation. Discussion about where physical payment should be sent; program indicates it should go to the creditor at the creditor's loss mitigation contact address, or such other address as the creditor may direct.
- b. Loss Mitigation Forms** – Discussion about when Forms E & F should be filed -- three or two days prior to the hearing. The Committee preferred two days prior to the hearing and it was agreed to modify the program and forms to two days. Chambers will act on consent orders and set new dates. In Chapter 7, no motion to approve loss mitigation will be required – only Form D. Wayne George asked if an amended plan was required after loan modification; John Boyajian said yes.

The Committee agreed that Form A should be further modified to clarify the types of purpose with check boxes for loan modification, short sale or other. Wayne George also asked that a line be added to capture the last four (4) digits of the loan number to assist creditors.

Several changes were requested concerning Form E:

- Clarify that only those in a trial plan or with an agreed loan modification need to complete that section of the form.
- Add the term “temporary” as another type of loan modification

J. Finkle stated that if a consent order is signed, it will include language so that the filer knows it has been modified.

ACTION DUE: 3rd Amended Form A certification will be modified to conform to Section IV.B.5 of the Program and to include 30 day payment requirement. A separate paragraph addressing payments will be added to Section D of the Loss Mitigation program. Section VII.C of the Program entitled “Status Report” will be modified to change the filing deadline from three to two days. Form A will be modified to include checkboxes re purpose and include space for last four (4) digits of loan number. Form E will be modified to insert the term temporary as a type of loan modification and add a more descriptive caption to the section capturing loan modification results. Susan will make recommended changes and send out for notice and comment allowing 30 days for responses. These changes will go into effect by the beginning of June.

- 2. Update on Local Rule Sub-committee:** This subcommittee has met twice; teams of two have been assigned different sections. After the next meeting in May, the full subcommittee draft will be ready for review by the AAC at its July meeting. There was discussion regarding the court’s objection to claim rule. The Committee asked John Boyajian if he felt it would be helpful to have a deadline for the debtor’s attorney to file an objection to a proof of claim in a chapter 13. He will think about it and respond at a later date. Massachusetts has such a rule and we will review that for possible adoption.

New Business:

- 3. Susan shared the following announcements:**

- a. The Court will go live on Version 5.1 of ECF next Monday, April 29, 2013. The system will be down from 7:00-9:00 AM for the conversion. Training materials about the upcoming changes will be distributed by the court in the next day or two.
